SAYS MIGHT OF U. S. IS TRIBUTE TO VETERANS

"Continuation of America's military might has been the nation's way of keeping faith with its veterans, for by that military might it has been able to keep peace in the world," Lt. Col. John H. Eddy, professor of military science and tactics at Gettysburg, said Sunday afternoon at a Veterans Day program in the National Cemetery.

In the audience were reserve forces, Army and Air Force ROTC of the college, National Guard and marching units of veterans' groups from Fairfield, Bonneauville, Gettysburg, York, St. Thomas and other nearby communities.

"We are all aware of the scope of our military might," Col. Eddy said. "We are also aware that it will never be used for aggression. But we are determined to have the capability to retaliate effectively if needed. With our long range missiles, our long range bombers, our fighter bombers, our carrier based aircraft, our polaris missiles which can be dispatched from submarine under the seas and our armed forces spread over the world and joined with our allies, we are able to prevent international communism from expanding its area."

CHALLENGE TO REDES
"Our armed forces are a challenge to communism's persistent threat to the principles of freedom, justice and the dignity of human beings. Our ability to counter nuclear attack prevents communism from launching such an attack. Our ground and air forces, deployed strategically throughout the world prevents attack by the massive military might of communism in limited war."

Col. William G. Weaver was master of ceremonies. Wreaths and flags were placed at the Soldiers National Monument as a tribute to all veterans by the following commanders: Robert Fox.

QUARTET WILL PLAY HERE ON NOVEMBER 22

The new Danish Quartet, which will present the first in the series of winter concerts here under the auspices of the Gettysburg Concert Association November 22 in Christ Chapel, Gettysburg College, is celebrating the eighth year of its career with its first tour of North America this fall.

Under the patronage of King Frederik IX, the quartet coincides with the visit of the Danish Monarch and Queen Ingrid who opened the "Arts of Denmark" exhibition at the Metropolitan Museum of Art in New York in October.

The youthful ensemble (its members have an average age of under 30) made an outstanding appearance at its first concert in Copenhagen in 1952, winning the headlines "sensational quartet playing" and "a coming world-famous ensemble." Since this debut the New Danish Quartet has made tours of the music centers of Europe with special successes in some of the most demanding cities: London, Berlin, Vienna, Milan and Munich. Within the framework of the Royal Danish Ballet and Music Festival, the Carl Nielsen Festival, the en-

semble has appeared, of course, time and again in Copenhagen as well as at the Salamanca Festival and at the International Congress of Conservatoriums and Music Academies in Venice.

The quartet comprises Arne Svendsen, Pallo Heichelmann, Knud Frederiksen and Pierre Rene Hennings.

Police stood cautious vigil in front of the schools and ordered people to stay on the neutral ground facing the McDonogh school.

At McDonogh the only disturbance caused by the entry of the three Negro first graders was vocal. There was no other demonstration.

\$321,000 PLAN APPROVED BY LOCAL CHURCH

Gettysburg Presbyterians at a special congregational meeting Sunday evening approved recommendations of a planning and development committee for remodeling and redecoration that are estimated to cost \$321,561.60. The vote was 95 to 12.

The committee's report was based on plans prepared by C. L. Forrer, York architect, who joined with committee members Sunday evening in making the presentation to the congregation. Printed booklets were distributed detailing the plans and pictures were projected on a screen to show the members what was proposed.

The plan provided for excavation under the sanctuary, rearrangement of seating in the church auditorium with a switch to a center aisle, the construction of balconies along both sides and the west end of the church, and construction of a new front to the church with a spire.

NEW PEWS, WINDOWS

The plan also calls for new pews and new stained glass windows to replace the present ones. Northern, western and southern exterior walls of the church and church school building are to be given a new surface course of bricks. The Church School building is to be generally rearranged with a church office and parlor and new kitchen equipment. The pipe organ would be relocated and folding partitions would be provided for many sections of the church school area.

Members were told that the change in seating arrangement in the sanctuary and the new balconies will increase the seating capacity from its present 300 to 500. New church furniture and rearrangement of choir facilities also are part of the plan that was approved.

After the report was adopted, the congregation directed the session to select finance and building committees to carry out the plans. The committee making the report included Franklin R. Bigham, Mrs. David G. Deitch, Dr. Roy W. Gifford, Paul W. Grove, Dr. M. Scott Moorhead, Mrs. Edmund W. Thomas and Donald Z. Wagner. The pastor, the Rev. Robert A. MacAskill, identified as an ex-officio member of the committee, presided at Sunday's meeting and conducted the opening devotions.

Saved By Air From Spare Tire

NEW YORK (AP) — How many persons would have Ferdinand Stoj's presence of mind if they were locked up in an airless auto trunk for six hours?

The quick-thinking Stoj survived the ordeal by opening the valve of a spare tire from time to time.

A night watchman locked up inside another auto trunk was not as lucky. He suffocated.

Stoj, 36, a janitor in the Argonaut Building in midtown Manhattan, told police a trio of gunmen formed him into the trunk of a new car parked in a showroom.

The night watchman, Patrick Holland, 50, of Lindenhurst, N. Y., was put into another car trunk. The thieves then made off with \$100 from an office safe.

During his long siege in the stifling compartment Stoj tried to force open the trunk lid with a tire jack. Every now and then he would take a whiff of tire air. A relief night watchman heard him when he arrived early Sunday.

He released Stoj. But it was too late for Holland.

HOLY NAME
BREAKFAST
HELD SUNDAY

Dr. A. M. Wasilifsky, a member of the teaching staff at Mt. St. Joseph's College and lecturer at Mt. St. Mary's College, Emmitsburg, was guest speaker at the annual Holy Name breakfast held in St. Aloysius Parish Hall on Sunday morning following the 7:30 a.m. mass when well over 100 members of the society received Holy Communion in a body and 11 new members were received. The pastor, the Rev. Dr. John E. Metz, spoke to the membership concerning their society, whose goal is not fellowship but Catholic Action, and he also conducted the reception ceremonies.

Dr. Wasilifsky was introduced to the group following a ham and egg breakfast, served by the women of the parish, by Thomas C. McSherry. The speaker discussed "New Frontiers," noting that "new trends and new ideas are coming into the world which we will have to live with, especially the younger generations." We are living in a strange world, he said, and a stranger one is before us. There are now 3,000,000,000 people in the world and by the year 2,000, there will be 6,000,000,000 at the present rate of growth. "Seventy-two per cent of this world is underdeveloped and 52 per cent not well fed. America has the know-how to lead the nations, and a method of giving and sharing with the rest of the world would show our humanity."

Dr. Wasilifsky also said that there are 250,000 Catholic students in Catholic colleges and 450,000 in secular colleges. He challenged the men of the society as the rank and file of the Catholic faith to assist the priests and sisters, who are too few in number to do all that needs to be done. Society members should assist in creating a Catholic atmosphere and fight for Christianity, he concluded.

RUDISILL TOASTMASTER

John Rudisill Sr., past president and toastmaster, presented Marlin Weaver, McSherrytown, president of the Southern Regional Holy Name Union, who spoke briefly; Z. W. Sanders, delegate, with Mr. Rudisill, from the parish; Stewart N. Long, president; Marvin Miller, vice president; Lawrence Alfio, secretary; Thomas Duttera, treasurer. The toastmaster gave a financial report on activities conducted by the society within the parish.

Father Metz also spoke briefly, congratulating the members on their attendance and informing them that they, as a unit, are the right hand of the pastor, with the Parish Council of Catholic Women as his left hand.

President Long welcomed those in attendance, especially the new members who are Allen Ernst, James Weaver, Roger Orndorff, Christopher Sanders, Donald Weaver, James Wallace, Donald McGonigal, Francis Redding, Francis Smith and Thomas Glingrow.

Gold Cup Race Is

LAS VEGAS, Nev. (AP)—The 1960 Gold Cup is one race that will never be re-lived. It never happened.

The famed hydroplane event—the world series of speedboat competition—was called off Sunday because of bad weather. Officials said it was the first cancellation in the 53 years of the event.

Winds up to 35 miles per hour had whipped Lake Mead into a frothy mass of white caps both Saturday and Sunday. Drivers voted Saturday to hold off a day after one of their number ventured onto the oval course and muttered something about getting the wings of his boat wrapped around his neck.

SAMMY DAVIS,
ILL MAY BRITT
MARRY SUNDAY

By JAMES BACON

AP Movie-TV Writer

HOLLYWOOD (AP)—Negro performer Sammy Davis Jr. wed blonde Swedish actress May Britt Sunday—with the help of friends and celebrities ranging from the sister of President-elect Kennedy to the Duke of Bedford.

Miss Britt, a statuesque blonde from Stockholm, almost missed her wedding when a severe attack of intestinal flu with a 103-degree fever, bedded her hours before the ceremony.

But she made it to the Jewish rites held under a bower of white chrysanthemums in the living room of Davis' home high above Hollywood's Sunset Strip.

SHE ASKED HIM

Later Davis said it was his 26-year-old bride who first mentioned marriage.

"She was the one who popped the question," he said.

Miss Britt, wearing a sheath champagne dress with short veil, was given away by her father, Hugo Wilkens of Stockholm. He and the bride's mother flew in specially for the ceremony.

The Jewish rites—both bride and groom are converts to Judaism—were performed by Rabbi William M. Kramer of Hollywood's Temple Israel.

SHE MISSED RECEPTION

Frank Sinatra was best man and Mrs. George Rhodes, wife of Davis' musical arranger, was matron of honor.

After the rites, the bride went to bed. Davis went solo to a reception at the Beverly Hilton Hotel.

There he greeted such famous guests as Janet Leigh, Barbara Rush, Milton Berle, Mrs. Dean Martin, Diana Dors, Jack May-

erick) Kelly, Peter (Lawman) Brown and Louis (77 Sunset Strip) Quinn.

Then he was spotted by Pat Kennedy Lawford, sister of President-elect John F. Kennedy.

BOTH MARRIED BEFORE

"How do you feel, chicky baby?" asked Mrs. Lawford as Davis kissed her on the cheek.

Said Davis: "Man, I feel electric."

The marriage was the second for each. Davis was married to Loray White, Negro singer, in 1958. They were divorced after two and a half months of marriage.

Miss Britt, once touted as a successor to Marlene Dietrich, was married to Edward Gregson, a Stanford law student three years her junior. They separated Sept. 8, 1959.

Begins His Duties
At Minneapolis

Rev. William R. Snyder, pastor of St. Luke's Lutheran Church, Cumberland, Md., for six years, assumed duties Sunday as pastor of the 2,700-member St. John's Lutheran Church, Washburn Park, Minneapolis, Minn.

Prior to beginning the Cumberland pastorate, Rev. Snyder was minister of Shenandoah, Va., Lutheran Church where he served one and a half years. The 32-year-old clergyman is a 1946 graduate of Dallastown High School and a 1950 graduate of Gettysburg College. After one year of graduate work at University of Pennsylvania, he entered the Lutheran Theological Seminary at Gettysburg from where he was graduated in 1954.

Rev. Snyder is married to the former Margaret Goodson, of Niagara Falls, Canada. They have two children, David, two and a half years old, and Laurie, 10 months.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

Town Improvements: In addition to the new buildings in our place noticed during the summer, we can now mention the following: H. D. Wattle's elegant cottage, two story, on West Middle Street, is completed. It is substantially as well as tastefully constructed, no reasonable expense having been spared in its erection. It is creditable to Mr. Wattle's and an ornament to the town.

New Officers: The following gentlemen were elected, on Monday last, officers of the Gettysburg and Petersburg Turnpike Company, for the ensuing year: President, Wm. D. Hines; Managers, William McSherry, G. Swope, J. Wirt, R. McCurdy, J. H. McClellan, Marcus Samson and treasurer, John H. McClellan.

Gas Works: The Gettysburg Gas Works proved a success in the beginning and all their workings since have but added to the reputation then acquired. The Gas has always been good, and the supply never lacking a moment. There are no better works of the kind in the country, and Frank Bohner knows how to keep them going successfully too.

An Old Document: Hon. D. Shepher, of Petersburg, Y. S., recently exhibited to us an old manuscript document which he has preserved among others of interest, for many years. The paper is without date, but this action of "The Grand Jury of York county" was doubtless taken immediately after the adoption of the constitution of the United States, at which time the territory which now forms Adams was included in that county.

SEVENTY-FIVE YEARS AGO

Steel Manufacturing Companies: The steel manufacturing companies of the State say that there has been a marked improvement in the demand for steel rails. The majority of the manufacturers have accepted orders up to the capacity of their works for the balance of the year, and have booked orders for many thousands of tons next year. The steel industry is booming.

President Cleveland: President Cleveland's Thanksgiving proclamation is the best state paper we have read in many a year. There is a reverence and a charity in it that is simply admirable. A man capable of expressing such sentiments in such words must be honest and good at heart—says the Chicago News.

A serious wreck occurred on the B. & O. Railroad near Conneville early on Thursday morning. A fast passenger train, going at the rate of fifty miles an hour, jumped the track on a curve and the cars were thrown thirty feet down into the Youghiogheny river. Twenty-one persons were injured, none killed. Congressman C. E. Boyle was the most seriously injured, but he will recover. Internal revenue collector E. A. Bigler was among the slightly hurt.

A Tramp Jailed: On Friday, a tramp giving his name as John Harrison, drove off W. B. McHenry's horse and buggy (thatched near the Harrisburg road near town whilst the owner was some distance off buying cattle from Samuel Herbst) and going out the Bendersville road, was met by Charles Weaver, who suspected a horse steal and induced the fellow to return by offering boot on a trade. Upon arriving here, the tramp was taken before Justice Cox, who committed him for Court. From the tramp's talk his object was to secure clean clothes and warm quarters for the winter.

Oriental consider it impolite to open a present in front of the giver, fearing the size and quality of the gift may prove embarrassing.

Today's Talk

NEVER BACK-STEP

Many of us at times grow discouraged and feel like taking back-steps but none of us should allow the mind to dwell on such a possibility. Forward march should be our urge throughout life. We must keep giving encouragement to ourselves, growing stronger in self-reliance every day of our life. We must keep our ship of state on an even keel and encourage others to do the same.

We can surprise ourselves in keeping our chin up and our mind set upon a place of height, where the hills are, and the sunshine greets and smiles at Earth, and the activity of Nature is never dull nor uninteresting.

All about us there is such an opportunity to pave the way ahead with confidence and security. Never acknowledge that you are through. Call to mind the brave and undefeated whom you often so much admire.

We should ever keep in mind those inspiring words of the poet Henry who said that he was "the captain of my soul."

Never back-step. March forward, and keep that vision of yours free of all discouragement.

Why should not each one of us touch the gold in the stars and look out upon Nature as though we were its mother! That's one of the reasons why we have about us people and things to give life and hope.

Just Folks

SUCCESS

I'd rather fail than have it said I won by lying or deceit;
I want no laurel round my head if winning it I had to cheat.

I'd rather have the public jeer
And call me quitter, coward—yes,
I'd rather stand to see them sneer
Than fraudulently gain success.

For winning isn't all of life,
Success is stamped upon the soul,
I'd rather fail in the strife,
Than cunningly attain my goal.

KICKS OUT OF SLUMP AFTER SHOE CHANGE

By JACK CLARY

Associated Press Sports Writer
NEW YORK (AP)—Anyone who'd like to can have Pat Summerall's 1960 football shoes.

But don't go near the ones he used last season because the New York Giants' placekicking star isn't about to let them out of his sight. He wore them in Sunday's last ditch, 27-24 victory over the Pittsburgh Steelers, in which he kicked a 37-yard field goal in the last 30 seconds for the difference.

"You know," he said today, "this may have nothing to do with it (the winning field goal), but I changed shoes before the game and put on the ones I wore last year."

"I've been in a slump, and like baseball players change bats when they're in hitting slumps. I decided to change shoes. I'll never go back to those other ones now," he said.

Summerall, who had kicked only 3 of 10 field goals before the Steelers game, also booted one from the 42-yard line during a desperate second half comeback by the Giants. He kicked the extra points after each of Frank Gifford's three touchdowns, and chipped in with some fine end play when rookie Bob Simms re-injured an ankle in the second period, and didn't reappear for the rest of the game.

The performances of Summerall and Gifford, the latter who scored twice on passes from Charley Conerly, were almost overshadowed by Steelers' quarterback Bobby Layne and end Buddy Dial. Layne passed to Dial for one touchdown and set up two others on tosses to the former Rice star who last year was cut by the Giants.

NO DEFENSE

Commenting on the game, in which Pittsburgh took a 14-0 lead early in the first quarter, and held on until Gifford's third TD late in the last period, Giants Coach Jim Lee Howell said it was simply a matter of his team not playing their usual top-notch defensive game in the first half. Pittsburgh, leading 24-14 at halftime, did not offer much of an offensive threat in the second half.

The victory kept New York with in a half game of first place Philadelphia, whom the Giants meet here next week. However, Conerly may be a doubtful starter

Missouri Looks For No. 1 Rating, Bowl Invitation As Gophers Drop First Game

By JACK CLARY

Associated Press Sports Writer

What's ahead for those surprising Missouri Tigers?

Maybe top national ranking, the Big Eight championship, the Orange Bowl, a perfect season—or disaster this week at the hands of the Kansas Jayhawks.

Each is a possibility and the way heads are rolling among the top teams lately, the latter could almost be labeled a probability. Latest case in point: Minnesota, a 23-14 loser to Purdue Saturday after its amazing football resurgence earned it the top spot a week ago in The Associated Press poll, and had everyone talking Big Ten title, Rose Bowl, undefeated season and national championship.

SIMILAR SITUATION

Now Missouri, which soundly laced Oklahoma 41-19 over the weekend, faces a similar situation. With the Tigers it is an all-or-nothing proposition. Currently ranked second with an 8-0 record, they seem almost certain to be the No. 1 team in this week's poll.

Kansas, which ironically has lost its only games to teams ranked No. 1 at the time (Syracuse and Iowa), is banned from post-season play by the NCAA. But the Jayhawks, which walloped Colorado 34-6 Saturday, have a 5-0-1 Big Eight record compared to Missouri's 6-0. To the winner go the conference spoils, and Missouri also gets a choice bowl spot, probably the Orange Bowl.

Minnesota, while wounded, is not yet dead. The Gophers can still get a piece of the Big Ten title—and perhaps the nod to go to the Rose Bowl — by beating Wisconsin this week. Iowa ranked fifth, is assured of part of the conference crown after it demolished Ohio State (No. 3) 35-12.

HUSKIES WIN AGAIN

Iowa winds up its 1960 campaign this week against outsider Notre Dame (1-7). A Minnesota victory would match Iowa's 5-1 conference mark. But the Gophers 27-10 win a week ago over Iowa puts them in the fore if any bowl possibilities arise.

If the Rose Bowl is the place for the Gophers, then they can look forward to meeting Washington, which clinched its second straight Big Five title by beating California 27-7. The sixth-ranked Huskies beat Wisconsin 44-8 in the last Rose Bowl.

Also very much alive in the Southeastern Conference, not to mention the national picture, is Mississippi, fourth-ranked a week ago. Ole Miss soundly laced Tennessee 24-3 and can clinch the SEC title and a spot to defend its Sugar Bowl title by beating Mississippi State this weekend.

OTHER BOWL PROSPECTS

Also ready to go a-bowling, with perhaps one exception, are the other four teams in the select top ten. The exception is eighth-ranked Navy, which must beat Army Nov. 26 before it is free to accept any post-season bids. The losing string to 25 with a 41-6 victory.

Duke (No. 7), which clinched at least a tie for the Atlantic Coast Conference title by beating Wake Forest 34-7, is prominently mentioned for the other spot in the Orange Bowl. The Blue Devils play traditional rival North Carolina Saturday to wind up conference play and a win, or loss by second-place N. C. State, gets the title.

Arkansas (No. 9) needs only to beat Texas Tech this weekend to nail down at least part of the Southwest Conference crown. The Razorbacks have a 5-1 mark after beating winless Southern Methodist 26-3. Second-place Rice must beat Texas Christian this week, then Baylor if it hopes to gain a tie for conference honors.

BULLDOGS LOSE

Auburn, ranked tenth, once more relied on Ed Dyer's trusty toe for three field goals in a 9-6 victory over Georgia. Dyer now has 12 for the season and 26 for his career, both national records. Auburn and Florida (5-1) are tied for second. In the SEC Florida finished league play with a 21-6 victory over Tulane and received a bid to the Gator Bowl. It will

after twisting his knee and having it placed in a protective splint. More will be known later in the week.

Eagles' Peaks Out For Rest Of Season

PHILADELPHIA (AP)—Clarance Peaks, hard running back who has played a key role in the success of the Philadelphia Eagles, may be lost to the club for the remainder of the National Football League season because of an ankle fracture.

Peaks fractured a fibula bone in his right ankle in Sunday's 19-13 triumph over Washington. He had been averaging more than five yards a carry for the season and was a key blocker in the pass protection scheme of the Eastern Conference leaders.

Rookie Ted Dean is expected to replace Peaks.

Buffalo Passing Attack Bewilders Bullets 36-6 Who Suffer 6th Defeat

The University of Buffalo, paced by senior quarterback Gordon Bukaty, scored four times in the first half and went on to walloping the Gettysburg College Bullets 36-6 Saturday afternoon before 4,500 fans at Memorial Field.

Saturday marked Adams County Band Day, with six high school bands plus the college musicians providing the entertainment prior to the game and at half time. Throughout the game it was Buffalo and the Bullet passing combination of Little and Richter that entertained the musicians.

The Gettysburg coaching staff's big headache all afternoon was a weak Bullet pass defense which Bukaty was able to riddle for 60 playing minutes. The Buffalo ace thrower tossed 12 aeriels, completed five for 155 yards and three touchdowns. He also kicked two extra points, ran for another and passed for the fourth. Alternate quarterback, Joe Oliveria encountered little trouble also as he completed eight of 14 tosses for 102 yards and two TD fires.

TAKE BIG LEAD

Buffalo completely dominated the first half and led 29-0 at intermission. A little light started to shine for Gettysburg as the fired up Bullets came out in the second half and took over for a short time. But the taller and heavier Buffalo outfit never let the situation get out of hand.

The Bulls scored their first TD at the 9:07 mark of the first period when Bukaty intercepted a Little pass and streaked 34 yards to the Bullets' 36. Eight plays later the visitors were over the goal line when Oliverio hit sophomore Bob Baker in the end zone with a 16-yard aerial. Bukaty kicked the extra point.

It was just 3:53 minutes later when the Bulls tallied again. Buffalo drove 61 yards in its 39 on six plays. The drive was helped by George Maule's 18 yard run and John Valentie's 14-yard dash. The climax came when Bukaty fired a 21-yard pass to Carley Keats for the score. Bukaty's run for the points was good.

MORE TD AERIALS

Buffalo scored twice in the second period on a 27-yard aerial to Keats and a 57-yard pass to Charles Winzer. Bukaty passed to Bill Selet for the first conversion and Paul Szymendera's run for the second was stopped.

Neither team was able to score in the third frame, but Gettysburg threatened twice. The Bullets drove to the Buffalo nine-yard line midway through the quarter and again to the 21, but lost the ball both times on downs.

Gene Haas' squad finally cracked over the goal line in the fourth stanza. Sophomore end Dick Clowr recovered an Oliverio fumble on the Bullets' 37. On the first play from scrimmage, Little cut loose with a long 49-yard pass to end Harry Richter to give the host team possession on the Bulls' 14. Goodman picked up three yards and Little threw an incomplete pass. On the second aerial attempt, Little connected with Joe Hildeman in the end zone. Little attempted to run the two extra points but was stopped on the one.

The final touchdown came late in the final frame. The Bullets again drove to the Buffalo 15, but lost possession on downs. Buffalo put on a sustained drive of 85 yards on 15 plays to score. Oliverio climaxed the march with a 10-yard toss into the end zone to John Valentie. Bukaty added the placement.

DISASTROUS SEASON
The defeat headed the Bullets towards their worst season since 1917 when they ended 2-5-2.

**MUST GIVE UP
GOOD PLAYERS**
LOS ANGELES (AP)—Former Milwaukee manager Fred Haney says the eight established American League clubs will have to give up good players to get good crowds next season in the league's two new cities.

"It's strictly up to the other eight owners to decide whether the new teams in Los Angeles and Minneapolis-St. Paul will draw," Haney said in an interview. "The eight owners will have to give. They'll have to part with good players."

ENOUGH GOOD PLAYERS
"I think there are enough good players to go around—at least to make for interesting competition if they aren't concentrated on two or three clubs."

Haney, who makes his home in Los Angeles, said American League attendance here should be helped the first year by the desire of fans to see such American League stars as Yogi Berra, Mickey Mantle, Al Kaline and Rocky Colavito.

But when the novelty wears off, Haney said, "it'll be up to the local American League team to produce real ballplayers—just a name won't be enough."

Philadelphia Man Is New Champion

READING, Pa. (AP)—John Till of Philadelphia is the new Pennsylvania men's match game bowling champion while Sadie Dixon of Chester if the women's titleholder.

At the end of the three-day tournament Sunday night, Till had scored 242.32 Petersen points and a 218 average to best Dick Oliver of Morrisville who had 233.48 points and a 209 average. Both had records of 33 wins and 15 defeats but Till's over-all performance gave him the title.

The Dixon woman racked up 74.41 points and a 196 average. Runnerup was Lorraine Kepokis of Philadelphia with 71.59 points and a 187 average. Charlotte Grubie of Steelton, a former National All-Star winner, finished fourth.

Under the Petersen system, one point is awarded for every game won and one point for each 50 pins scored.

Twelve men and four women qualified for the national championship.

Has Confidence For Weekend Tilt

MORGANTOWN, W.Va. (AP)—On the basis of an improved passing attack and defense, West Virginia today looked with a little more confidence to the Saturday home game with George Washington.

It will be the Mountaineers' last chance to taste victory this season and to break the winless streak—now 14 games.

WVU dropped a 20-7 decision at Oregon Saturday but in doing so played its finest game of the season. At least that's the belief of Coach Gene Corum.

Corum was especially tickled with the way his team held Oregon's passing attack in check, limiting the Webfoots to just one completion in 12 attempts.

"Our linemen were putting the rush on the passer and our backs were covering pretty well," Corum said.

SHAW GAMBLES WITH SKINS; WINS TWICE

By RALPH BERNSTEIN
Associated Press Sports Writer

PHILADELPHIA (AP)—Coach Buck Shaw gambled twice Sunday and came up with a winning hand each time.

As the 61-year-old coach put it after his Philadelphia Eagles rallied to beat Washington 19-13, "We took chances and won so we're heroes. If we had lost, oh my."

Shaw's first gamble came midway in the final quarter with Washington ahead 13-9. The Eagles had the ball, fourth down and 10 to go on the Redskins 28. The stakes:

Should the Birds try for a field goal and hope for an opportunity to boot another in order to win the game? The chances were fair with almost eight minutes left. Or, should they go for broke, trying for the first down or a touchdown.

"I decided to go for the touchdown for two reasons," said the silver-haired veteran of more pro football campaigns than he cares to remember.

"Our offense all afternoon had been lousy. I wasn't sure we could get within field goal range again. And (Bobby) Walston isn't too sure on his field goals from outside the 30. We would have had to try this one from about the 33 or 34. We were in position to score."

GOOD DECISION
The decision turned out perfectly as quarterback Norm Van Brocklin, who had a comparatively bad day, had just missed on six straight aeriels.

The touchdown and Walston's conversion put the Eagles ahead 16-13.

Later, as Washington's Ralph Guglielmi filled the air with desperation passes, Philadelphia's Max Baughman intercepted and returned 18-yards to the Washington eight. Three plays moved the ball to the three. The Eagles lined up for a field goal.

Why a field goal? If the Eagles make it the score is 19-13 and the "Skins still can win with a touchdown. It gives them a kick-off return chance and room to maneuver.

MORE QUESTIONS
If they tried for the TD and made it the game is over. Even if they missed, the "Skins would be bottled up inside their three with 97 yards to go and 40 seconds to do it in. Shaw really put himself on a spot. Asked why, here was his answer:

"If we go for the TD and miss, they get the ball and with a pass or two conceivably could get inside our 50, where (Bob) Khyat could kick a tying field goal. We felt sure Walston would connect from only 10-yards (he did) which takes the tie out of range. They have to get a TD to win. Frankly, the way the game had gone I had more confidence in our defense than our offense."

The Eagles won so the man was right.

TD Pass Play With 42 Seconds Left Gives Colts Win; Giants, Packers And Eagles Also Win

By MIKE RATHET
Associated Press Sports Writer

The amazing saga being indelibly etched into National Football League annals by Baltimore quarterback Johnny Unitas today had another stirring chapter.

Blood streaming down his face from gouges on the nose, lips and eyebrows, jaunty Johnny whipped a 39-yard touchdown strike to Lenny Moore with 42 seconds left Sunday as the Colts edged the Chicago Bears 24-20 and retained their hold on first place in the Western Division.

Unitas, a poised 27-year-old veteran of five pro campaigns, had one of his finest moments in the key clash that kept the two-time NFL champions a half-game in front of Green Bay.

BLOOD AND GUTS
Constantly hounded by a rough and rugged Chicago defense, Unitas marched the Colts goalward with the Bears leading 20-17 and time running out. With 1:29 remaining, the drive had reached the 35, but Unitas was smashed to the ground while attempting to pass.

He rose with blood dripping from multiple cuts. After he was again spilt, Unitas went to the sidelines on a time out to have the crimson smeared wiped from his face. Back he came with the clock showing 42 seconds to go and Baltimore faced with a fourth and 14 situation.

Unitas took the snap, faded, pumped twice and then threw an aerial that Moore caught in the far corner of the end zone after eluding defender J. C. Caroline.

PACKERS WIN EASILY
While the Colts had to battle for a last-minute triumph, the Packers kept pace with an easy 41-7 pasting of winless Dallas. Philadelphia kept its edge over New York in the Eastern Division race by beating Washington 19-13 while the Giants nipped Pittsburgh 27-24.

Cleveland stayed close in the East with a 23-27 victory over St. Louis and Detroit defeated Los Angeles 12-10. San Francisco had a bye.

Unitas, who previously had tossed a 35-yard scoring pass to Moore in the see-saw struggle with the Bears (3-1), said he was hit cleanly by Bear end Doug Atkins on the play that bloodied his face. "He got me with his shoulder and forearm," said Unitas. "It was a clean hit."

TAYLOR STARS
Two one-yard TD smashes by Rick Casares kept the Bears in front until Unitas unleashed his first scoring pitch to Moore for a 17-14 halftime edge.

Jim Taylor ran 28, 4 and 23 yards for touchdowns and Paul Hornung scored 17 points on a 41-yard scoring plunge, a pair of 21-yard field goals and five conversions in the Green Bay (5-2) rout of the Cowboys (0-8).

Green Bay plays Los Angeles this Sunday and has a chance to tie the Colts, who draw a bye, for the Western lead.

CAME FROM BEHIND
The Eagles, who tackle the Giants the next two weeks in showdown clashes that may decide the Eastern champion, came from behind to beat the Redskins (1-4-2) in the final quarter on a 28-yard pass from Norm Van Brocklin to Bobby Walston.

Pat Summerall booted a 37-yard field goal with 30 seconds left for the Giants (5-1-1) uphill triumph over the Steelers (2-5-1) after his

BULLETS AND HOFSTRA IN SOCCER TIE

Coach Lou Hammann and his Bullet soccer team were the victims of a Hofstra goal in the last 40 seconds of play and had to settle for a 3-3 tie in double overtime, Saturday afternoon on the Bullets' field.

Gettysburg held a 3-2 lead when with just 40 seconds to go in the contest, Tom Schwender rammed through his third goal of the day.

The Bullets took a 1-0 lead at the end of the first period on Ray Truex's goal with 1:15 to go in the frame. George Seitter is credited with the assist. Hofstra knotted the count at 1-1 by intermission when Schwender, assisted by Bob Stoneham registered the Flying Dutchmen's first tally.

Both teams scored in the third period. Gettysburg hit first when King Gore assisted Kerry Johnson on a one-pointer. Schwender, just 41 seconds later, again knotted

UNIVERSITY SALARIES

Higher Education Getting More Money
But Campus Real Incomes Lag Badly

By JIM DAN HILL, Ph.D.
President, Wisconsin State
College, Superior

THE AMERICAN PEOPLE are increasingly aware of the nation's need for more and better education at the university and college level. Moreover, they are doing something about it.

College budgets are, of course, higher than ever before in American history. But many are under the impression that these increased budgets, in proportion to America's economic growth, are actually smaller than they were during the depression. This is not true.

The percentage of American expenditures for higher education was \$377,000,000 in 1929-30. This is only 0.49 per cent of the seventy-six and eight tenths billions that was the nation's total personal income for that fiscal year. By 1957-58 we find the American people spending three and six-tenths billions on higher education out of a total personal income of three hundred fifty-nine billion. This increases the percentage of support from the above cited 0.49 to 1.01 per cent.

THUS THE AMERICAN people's proportional support to education has more than doubled within the intervening 27 years.

Meanwhile, please excuse these heady figures and astronomical estimates. My thoughts were guided in this direction by glib discussions of gross national production billions by the presidential candidates. But these figures are not from their speeches. They are from the semi-annual Report of the Coordinating Committee for Higher Education.

MANY OF THESE additional

hundreds of millions for higher education have necessarily gone into buildings and additional teaching positions to handle the increased enrollments. Thus it cannot be said that the purchasing power of college and university faculty salaries has kept pace with their proportional purchasing power as of 1929-30.

Thus, the young instructor in his first college job now earns \$4,500-\$5,500 compared to the \$1,500-\$2,000 of 1929-30. But after taxes and deductions for teachers' retirement, social security, hospital and medical benefits, his pay against current prices is less real income than that of his predecessors in 1930.

Though the beginners' salaries in current dollars have tripled since 1930, this has not been true of the full professors. In 1929-30 the average salary of a full professorship in the state and endowed universities of the Big Ten Athletic Conference was \$6,000. They average far short of \$18,000 today.

The upper bracket medical college and law school professors who do occasionally draw \$18,000 have such high deductions that they are still not so well off in real income as were their \$6,000-a-year predecessors thirty years ago.

In the Big Ten Conference universities the salary medians by academic rank are approximately as follows: professors, \$11,000; associate professors, \$8,400; assistant professors, \$6,700; and instructors, \$5,500.

WHEN I REVIEW college salaries there are always letters of protest and reproach if I fail to list comparable averages for the

college of which I am president.

They are as follows: professors, \$9,337; associate professors, \$8,032; as assistant professors, \$7,124; and instructors, \$5,810.

These figures are perhaps somewhat better than average for the state colleges of Michigan, Illinois, Wisconsin, Minnesota, Iowa, and Indiana.

College and university salaries are normally paid in ten monthly checks covering the academic year. Summer employment is spotty at best or absolutely non-existent on some campuses. In some departments it is non-existent on nearly all campuses.

For example, no one apparently wants to study foreign languages in the summer time. Foreign travel is better.

MANY YOUNG instructors and assistant professors necessarily refuse summer session duty. Most have less than a doctorate and must use the summers for upgrading their credentials for permanent appointment where they are, or a position elsewhere at a better salary. Some doctorates need the summer for writing and research that will lead to promotion or a flattering offer from industry or another center of higher education.

In view of all these factors, it is the salaries for the academic year, September to June, that most college and university teachers expect to and often must live upon.

It is the failure of these salaries to keep pace with national growth and economic opportunities elsewhere that explain the increasing turn-over in college and university faculty lists, particularly in the beginning academic positions.

SPECULATE ON LEGISLATURE FUTURE IN PA.

HARRISBURG (AP) — Speculation about what will happen in the 1961 Democratic-controlled legislature filled Capitol corridors today as the state's lawmakers returned for a post-election session.

No one appeared to care much about whether the Republican-controlled Senate finally would agree with House Democrats and adjourn the current session for good. That question was mostly an academic one since the lawmakers' terms expire automatically in 16 days.

But there was talk about what will happen in January when for the first time in 22 years Democrats will move into the Senate with the power to organize committees as they see fit. And they also will exercise greater control over legislation in the House.

25-25 DEADLOCK

Much of the talk centered on how Democrats would go about trying to break a 25-25 Senate deadlock which enables them to exercise organizational control but keeps them from passing legislation without Republican support.

The Pittsburgh Post-Gazette and Sun-Telegraph said Sunday Democrats have been trying to get Sen. Harold F. Flack (R-Luzerne) to join their ranks, indicating they would back him for re-election if

he did so.

SEVERAL BIDS OUT

Luzerne County, once a Republican stronghold, went solidly for President-elect John F. Kennedy in last week's balloting.

Flack was not immediately available for comment.

Sen. Charles R. Weiner (D-Philadelphia) Democratic floor leader, said he had heard reports of several Republicans being asked to join ranks with the Democrats.

"But I know nothing about this report regarding Sen. Flack and I don't have firsthand knowledge about any of the others I've heard mentioned," he added.

Gov. John Morgan Davis, whose tie-breaking vote will enable the Democrats to organize the Senate, said he had no firsthand knowledge of any overtures being made to Republicans.

Quinn, a Democrat, served two terms in the House of Representatives from 1934 through 1938. He was defeated for re-election in 1938. He also was in the state General Assembly in 1933 and 1934.

Quinn also was editor and publisher of the old Braddock Journal, a weekly newspaper, from 1906 to 1940.

FASHIONS FOR SPRING SHOW REVEAL TREND

By RUBY WEIL

NEW YORK (AP) — Spring may be a song to the poets, but to the fashion industry it's a headache.

Depending on the area and the time of year, spring doesn't last long enough, starts too late (when Easter is in April), or is practically non-existent. As a result, women shoppers are likely to skip from winter to summer.

Unlike those of us who talk about the weather but do nothing about it, some people in the fashion industry are doing something. They're simply out to abolish spring.

BUSY AGENDA SEEN FOR BIG TRADE CONFAB

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP)—One of the thorny problems caught in the middle during the change in administrations is world trade. Where we're hurting and where we stand to benefit will be getting a verbal going over here this week at the National Foreign Trade Convention.

Some 2,000 American and foreign businessmen, financiers and government officials are on hand to thrash it out.

The problems range far and wide—our loss of gold and dollars to other lands, charges of loss of jobs by Americans either because imports cramp our domestic manufacturers or because U. S. corporations rush to put up plants overseas to make goods they once made here for export.

REC SHADOW THERE

What's to do about seizure of our property overseas, as in Cuba? Or about our exports still running into barriers abroad although the dollar gap is now history? Or about the tax treatment of profits Americans make on their investments abroad?

American exporters will be assessing the competitive threat from the European trade bloc—the Inner Six or Common Market and the Outer Seven or Free Trade Association.

And over all the formal talks and conferences and over the idea swapping in the corridors where the delegates mingle will be the shadow of the hammer and sickle—the threat, real and potential, to non-communist world trade by the Red bloc.

MORE EXPORTS

Actually, the Americans engaged in foreign trade can boast of a much better balance in their dealings this year than last. Our exports this summer were running at about \$20 billion a year, compared with \$15.5 billion in the early part of 1959. Our imports have swung lower. In September we imported \$232 million less than in the 1959 month.

The National Foreign Trade Council, sponsor of the convention has predicted that for the year as a whole our exports should top imports by \$3.4 billion. It estimates final figures for the year as exports \$18.8 billion, imports \$15.4 billion.

But Uncle Sam is still running behind in total payment of dollars to foreigners against receipt of

dollars from them.

GOLD SUPPLY DROPS

Outweighing the commercial trade surplus are the amounts spent for foreign aid, U. S. investment abroad, foreign travel and U. S. military bases. The deficit may come to nearly \$4 billion again.

It is because of this deficit the last three years that foreigners can turn in their growing supply of dollars to buy gold from the U. S. Treasury.

In 1949 the Treasury had \$24.6 billion in gold, at the end of 1957 it had \$22.9 billion, and today just a little more than \$18 billion.

INVESTMENTS ABROAD

Washington holds that the most promising way to correct the deficit in the balance of payments will be to increase our exports still more. Those at the convention will be discussing ways and means.

A big topic will be the growth of American private investment overseas, which has played its part in the total flow of dollars abroad. The Department of Commerce says U. S. companies will put \$3.85 billion into plants and equipment outside this country this year. Canada will get \$1.23 billion of American investments, West Europe \$1.1 billion, Latin America \$874 million, and other regions the remainder.

PLENTY OF TOPICS

But a major cause of the flow of dollars abroad that set off the flurry in the London gold market—the price rose for one day to nearly \$41 an ounce, against the legal price here of \$35—has been a rush of short-term investment funds from this country to foreign money markets where interest rates are higher.

This problem involves the political and economic question of tight or easy credit, dear or cheap money. And back of that is the further situation of business slackness in the United States while Western Europe has been booming. Interest rates have been eased here to fight the slackness and raised abroad (until recently) to control the boom.

The 2,000 at the world trade meeting will have plenty to talk about.

FANCY FISH

Pretty garnish for fish: cross thin strips of pimiento over lemon slices and cut capers in the center where the strips meet. Complements the flavor of the fish!

NICER RICE

Rice grains cooked in a little fat before boiling are likely to stay separate, but they will not swell so much as they do when they are boiled without the pre-cooking.
